

# Changing the game... a better way to manage your persistent data

Join COPAN Systems and Forsythe for a day of golf, fun and learning about better managing your long-term, persistent data while simplifying your storage management, increasing data access, adding reliability, and reducing energy costs - for prices that rival tape!

Join COPAN Systems' CEO Mark Ward for this informative seminar on the advancements in persistent data management and enjoy a fun filled afternoon of discussion, golf and refreshments.

What you'll learn in an hour will change how you look at persistent data...

*Discover the advantages of persistent data strategy*

- What is persistent data and how do you identify it
- Maximize data access and storage efficiency
- Optimize data replication and data protection
- Reduce storage foot print and energy costs

Date: June 18, 2008  
Time: 11 a.m. - 6 p.m.

Location: Knollwood Club  
Lake Forrest, IL
